American Water Employees Contribute Over 2,500 Volunteer Hours During Companywide AmerICANs in Action! Month of Service

CAMDEN N.J. – NOVEMBER 13, 2023 – American Water (NYSE: AWK), the largest regulated water and wastewater utility company in the U.S., today announced the results of its companywide AmerICANs in Action! Month of Service. More than 800 American Water employees across our national footprint participated in approximately 75 community volunteer projects, contributing over 2,500 hours of service.

AmerICANs in Action is an initiative that aims to inspire American Water employees, their family members, retirees, business partners, and suppliers to lead and manage team-based volunteer projects in their local communities during the month of September. The program encourages employees to donate time and expertise to local community groups to make a positive impact.

In 2023, employees demonstrated a diverse range of skills through projects that included community and shoreline clean-ups in California, Missouri and New Jersey, while teams in Indiana and Pennsylvania volunteered at food banks and animal shelters. Additionally, employee volunteers in Illinois and West Virginia teamed up with their local child development centers and United Way chapters, among other initiatives.
