American Water's Military Services Group to Contribute Expertise at Energy Exchange 2024 Conference

CAMDEN, N.J. – MARCH 21, 2024 – American Water Military Services Group, a subsidiary of American Water (NYSE: AWK), the largest regulated water and wastewater utility company in the U.S., announced today that it will participate in the Energy Exchange 2024 hosted by the Department of Energy's Federal Energy Management Program, taking place March 26 through 28 in Pittsburgh, Pa.

American Water Military Services Group will discuss critical issues across the water sector. Participants include:

- Sean Wheatley, President, American Water Military Services Group
    - Panel: *Lessons learned in planning and executing water and wastewater treatment projects*

- Gary Kolp, Director of Federal Policy, American Water Military Services Group
    - Panels:
        - *Water strategies to support decarbonization*
        - *Emerging water resilience technology*

The Energy Exchange 2024 represents the largest training event and tradeshow for the federal energy and water management community, bringing together federal, state and local governments, utilities, and the private sector to identify new and emerging technologies and leverage lessons learned to combat the climate crisis.
