

Missouri American Water Proudly Recognizes American Water Charitable Foundation 2024 Water and Environment Grantees

Recipients include 5 nonprofit organizations across Missouri

ST. LOUIS, MO - May 3, 2024 - The [American Water Charitable Foundation](#), a 501(c)(3) organization established by American Water, the largest regulated water and wastewater utility company in the U.S., recently announced 5 organizations were awarded a Water and Environment grant, supporting communities served by Missouri American Water.

“We are pleased to announce the recipients of this grant which allows organizations across the state to promote environmental sustainability through education, watershed protection and volunteerism,” said Rich Svindland President of Missouri American Water. “As individuals we all play a role in protecting our natural resources to ensure their vitality for future generations.”

The Water and Environment grant is part of the American Water Charitable Foundation’s Keep Communities Flowing Grant Program, focusing on three pillars of giving: Water, People and Communities. Below is a list of grantees throughout Missouri.

The 2024 recipients include:

- Joplin High School will receive \$5,000 to purchase equipment for student-led research projects focusing on water quality.
- Wildcat Glades Friends Group in Joplin will receive \$9,500 to restore native landscape to improve water quality and promote immersion in nature.
- Beyond Housing in St. Louis will receive \$20,000 to create sustainable outdoor space by tree planting, vacant lot remediation and stream cleanup.
- Open Space STL in St. Louis will receive \$10,000 to promote hands-on opportunities for youth to learn about watershed conservation as part of a Passport to Clean Water Program.
- Operation Food Search in St. Louis will receive \$9,900 to support farm gleaning efforts to rescue/distribute fresh food to individuals suffering from food insecurity.

Carrie Williams, President, American Water Charitable Foundation adds: “The American Water Charitable Foundation is delighted to partner with eligible nonprofit organizations across Missouri. Funding for Water and Environment grants is allocated towards projects focused on clean water, conservation, environmental education, climate variability, and water-based recreation.”
