American Water Recognized for Excellence in Water Quality by Partnership for Safe Water

Continued commitment to delivering high-quality drinking water to customers

CAMDEN, N.J. – JUNE 12, 2025 – American Water (NYSE: AWK), the largest regulated water and wastewater utility company in the U.S., today announced it has been recognized with Partnership for Safe Water (PSW) awards at 27 facilities across its national footprint. The awards, which honor the efforts in continuously optimizing water treatment plant and distribution system operation and performance, were recently announced by the American Water Works Association (AWWA).

“American Water is pleased to be recognized for our continued commitment in delivering safe, clean, reliable and affordable drinking water to our customers and communities,” said Cheryl Norton, EVP and Chief Operating Officer, American Water. “This recognition highlights our employees’ commitment to providing high-quality tap water, while fostering a culture of continuous improvement.”

American Water continually demonstrates its ongoing commitment to improving the quality of drinking water delivered to customers by optimizing its system operations. Through PSW, long-term achievements are celebrated with awards for maintaining consistent, high-quality performance and commitment to optimization at the water treatment plant or distribution system.
