American Water Releases Annual Sustainability Report

CAMDEN, N.J. – JULY 28, 2025 – American Water (NYSE: AWK), the largest regulated water and wastewater utility company in the U.S., announced today that it has issued its ninth Sustainability Report covering its industry leadership and sustainable impact on communities across the U.S.

“The Sustainability Report demonstrates American Water’s ongoing commitment to providing safe, clean, reliable, and affordable water and wastewater services across the U.S.,” said Cheryl Norton, EVP and Chief Operating Officer, American Water. “Our 2024 progress shows that customers, employees, investors and other stakeholders benefit through our dedication to sustainable operations.”

American Water prepared the Sustainability Report by applying standards from the Global Reporting Initiative, Sustainability Accounting Standards Board, the Task Force on Climate-Related Financial Disclosures, and includes applicable metrics from the Edison Electric Institute and American Gas Association Sustainability reporting template. The report also takes into consideration the United Nations Sustainable Development Goals and aligns with the company’s responses to the CDP Questionnaire.
