New Jersey American Water Provides Heart of Camden with New iPads

CAMDEN, N.J. – OCT. 6, 2025 – New Jersey American Water recently provided Heart of Camden with a donation of 10 iPads. The organization, which focuses on housing restoration, economic expansion, and community development in the South Camden area, will use these devices to support its data collection and canvassing efforts. The new technology will also allow Heart of Camden to streamline its community outreach and improve how it gathers and manages community feedback.

"We are incredibly grateful for the donation of iPads by New Jersey American Water", said Carlos Morales, Executive Director, Heart of Camden. “These iPads will help continue our mission and enhance our programs in housing restoration, economic aid, and community development.”
