

Kentucky American Water Awards \$9,500 to Local Fire Departments through Firefighting Support Grant Program

Program has provided nearly \$110,000 in grants since 2011

Nineteen fire departments in Kentucky will share \$9,500 in total grant funds through Kentucky American Water's 2025 Firefighting Support Grant Program. Today's announcement brings the total amount of funds awarded to Kentucky firefighting organizations since the program's inception in 2011 to \$109,500 and coincides with National Fire Prevention Week, observed this year from Oct. 5 to Oct. 11 to raise awareness about the importance of fire prevention and emergency planning.

"We are proud to partner with the men and women who are dedicated to providing fire protection and related services to their communities," said Justin Sensabaugh, senior manager of operations for Kentucky American Water. "We're honored to continue our Firefighting Support Grant program to support the tremendous work they do and thank them for the critical services they provide to communities year-round."

Kentucky American Water's Firefighting Support Grant Program covers a variety of fire department expenses associated with personal protective gear, communications equipment, firefighting tools, training and fire prevention education.
