

American Water Charitable Foundation Awards Over \$450,000 to Charities Nationwide During Giving Tuesday

CAMDEN, N.J., Dec. 10, 2025 /PRNewswire/ -- The [American Water Charitable Foundation](#) (AWCF), a 501(c)(3) organization established by American Water (NYSE: AWK), the largest regulated water and wastewater utility company in the U.S., announced today that it provided more than \$450,000 to eligible charities across the nation during its Giving Tuesday campaign.

To inspire community giving and celebrate Giving Tuesday, the Foundation provided \$100 to every employee via their Giving Rewards Account to recommend an eligible charity of choice meaningful to them. Over 4,500 employees participated, donating more than \$450,000 to support 2,100 charities nationwide.

"I am grateful to the American Water Charitable Foundation for its ongoing support of American Water employees and communities," said **Rachael Horvath, Sr. GIS Specialist, Pennsylvania American Water**. "I am proud to work for a company who values its employees, and the causes that are important to us. This year I was honored to use my AWCF Reward dollars to support the Scranton Ronald McDonald House, helping provide a comforting place to stay for families with seriously ill or injured children in local medical facilities. While my own daughter was in the NICU, I met several families who were staying at the House while their newborns received care."

Since 2012, the American Water Charitable Foundation has invested more than \$20 million in funding through grants and matching gifts that are important to American Water's employees and positively impact communities served by American Water.

"Giving Tuesday is a powerful reminder of the impact we can make together," said **Carrie Williams, President, American Water Charitable Foundation**. "The American Water Charitable Foundation is committed to help Keep Communities Flowing by collaborating with local organizations and American Water employees to make lasting and positive differences in communities nationwide."
