

Drinking water problem corrected: Boil water advisory lifted for portions of Pennsylvania American Water's Western Washington County Service Area

Boil Water Advisory Lifted for Customers in Portions of Pennsylvania American Water's Allegheny and Washington County Service Areas

McMurray, Pa. (Feb. 9, 2026) – Pennsylvania American Water announced this morning that the boil water advisory for customers in portions of its Allegheny and Washington county service areas has been lifted. Customers were notified on Feb. 7, 2026, that a power surge caused a depletion of water storage at a tank near the Aldrich Water Treatment Plant in Elrama, Washington County. This resulted in a loss of positive pressure in the company's distribution system, requiring the issuance of the boil-water advisory. This issue has been resolved.

The boil lift notice applies to approximately 95,000 customer connections in the following Pennsylvania American Water service areas in Washington and Allegheny counties:

Allegheny County

Bethel Park	City of Washington
Bridgeville	Claysville
Clairton	Cross Creek
Dravosburg	Donegal Township
Elizabeth Township	East Washington
Elizabeth Borough	Fallowfield
Glassport	Finleyville
Jefferson Hills Borough	Forward Township
Liberty	Green Hills Borough
Lincoln	Houston
North Fayette	Jefferson
South Fayette	Monongahela
South Park	Mount Pleasant
Upper Saint Clair	New Eagle
West Elizabeth	North Franklin

WASHINGTON COUNTY

Amwell	North Strabane
Buffalo	Nottingham
Canonsburg	Peters Township
Canton	Somerset Township
Caroll Township	South Franklin
Cecil Township	South Strabane
Chartiers	Union Township
	West Middletown

Acceptable test results were obtained from samples collected on Feb. 7, 2026, and Feb. 8, 2026.

Pennsylvania American Water thanks its customers for their patience and cooperation during this event. Customers are encouraged to share this information with others in the affected areas listed above.
