

Pennsylvania American Water Proudly Recognizes American Water Charitable Foundation 2026 Water and Environment Grantees

12 nonprofit organizations across Pennsylvania receive more than \$240K in support

MECHANICSBURG, Pa., April 23, 2026 /PRNewswire/ -- The [American Water Charitable Foundation](#), a philanthropic non-profit organization established by American Water, the largest regulated water and wastewater utility company in the U.S., and [Pennsylvania American Water](#), today announce that 12 organizations supporting communities throughout Pennsylvania were awarded 2026 Water and Environment grants totaling \$243,349.

"The American Water Charitable Foundation has been a valued community partner to Central Pennsylvania Conservancy, supporting our efforts to steward and restore the Letort Spring Garden Preserve's spring-fed wetlands and stream corridor," said Anna Yelk, the president of the board of directors for the organization. "Once a working watercress farm, this unique landscape is now protected as a nature preserve—providing critical habitat for wildlife while offering meaningful access to the outdoors for the regional community and visitors alike."

The Water and Environment grant is part of the American Water Charitable Foundation's Keep Communities Flowing Grant Program, focusing on three pillars of giving: Water, People and Communities.

"As a provider of safe, clean water and wastewater service for customers across Pennsylvania, a commitment to the well-being of the environment and our watersheds is at the heart of all we do. We understand that as a company, we play an important role in protecting, restoring and enhancing these shared resources, but we also know we can't do it alone," said Pennsylvania American President Justin Ladner. "We – along with the American Water Charitable Foundation – are thankful for the many dedicated community partners we're able to collaborate with and support as they work to address environmental concerns, offer educational resources and help ensure the health and vitality of our state for generations to come."

Below is a list of grantees throughout Pennsylvania:
