

New Jersey American Water Presents \$2,500 Grant to River Plaza Hose Company No. 1

Funding Supports Purchase of Thermal Imaging Cameras

CAMDEN, N.J. – AUG. 11, 2026 – New Jersey American Water presented River Plaza Hose Company No. 1 in Red Bank with a \$2,500 grant as part of the company's 2026 Volunteer Fire and EMS Grant Program, which awarded about \$50,000 to 21 volunteer fire and EMS departments across its service areas. The Monmouth County department used the funding to purchase thermal imaging cameras that will help firefighters locate heat sources, improve visibility and support emergency response efforts.

"Local first responders understand which tools and resources will have the greatest impact in the communities they serve," said Kim Schalek Downes, Vice President of Business Development, Government and External Affairs. "Through this program, we're proud to help departments make those important investments year after year."

This year's grants support a variety of initiatives across participating departments, including the purchase of gas leak detectors, gas meters, defibrillators, thermal imaging cameras, and other critical lifesaving equipment.

Since launching the program in 2011, New Jersey American Water has awarded 353 grants totaling more than \$587,500 to 176 local volunteer fire departments and emergency response units in its service areas. More information about the program is available at www.newjerseyamwater.com/community.
