Virginia American Water Launches Enhanced Digital Experience for Simpler Customer Information and Support

ALEXANDRIA, Va., Nov. 17, 2026 /PRNewswire/ -- Virginia American Water today announced the launch of a refreshed **amwater.com**, making it easier than ever for customers to access the information and services they need, whenever and wherever they need them.

Designed with customers in mind, the updated digital experience offers more intuitive navigation, improved search capabilities and streamlined access to the resources customers use most frequently—from paying bills and enrolling in paperless billing to reporting emergencies, viewing service alerts, and exploring customer assistance programs.

"At Virginia American Water, we're always looking for better ways to keep our customers' lives flowing," said **Laura Runkle, President, Virginia American Water.** "These enhancements provide customers with faster, more convenient access to the information and services they rely on every day while reinforcing our commitment to delivering an exceptional customer experience."

The updated website makes it easier for customers to:

- Access water quality information and educational resources
- Contact customer service and locate local service information
- Report water and wastewater emergencies
- Find outage and service interruption information

Learn about available customer assistance and affordability programs. The refreshed website is part of American Water's broader commitment to improving the customer experience through modern, secure and reliable digital tools. The enhanced digital experience also makes it easier for customers to stay informed about local projects, service updates and community programs across Virginia American Water's service areas.

To explore the enhanced digital experience, visit **amwater.com**.
