West Virginia American Water Launches Enhanced Digital Experience for Simpler Customer Information and Support

CHARLESTON, W.Va., Nov. 17, 2026 /PRNewswire/ -- West Virginia American Water today announced the launch of a refreshed **amwater.com**, making it easier than ever for customers to access the information and services they need, whenever and wherever they need them.

Designed with customers in mind, the updated digital experience offers more intuitive navigation, improved search capabilities and streamlined access to the resources customers use most frequently—from paying bills and enrolling in paperless billing to reporting emergencies, viewing service alerts and exploring customer assistance programs.

"At West Virginia American Water, we're always looking for ways to keep our customers' lives flowing," said **Scott Wyman, West Virgina American Water, President.** "These enhancements provide customers with faster, more convenient access to the information and services they rely on every day while reinforcing our commitment to delivering an exceptional customer experience."

The updated website makes it easier for customers to:

- Access water quality information and educational resources
- Contact customer service and locate local service information
- Report water and wastewater emergencies
- Find outage and service interruption information
- Learn about available customer assistance and affordability programs The refreshed website is part of American Water's broader commitment to improving the customer experience through modern, secure and reliable digital tools. The enhanced digital experience also makes it easier for customers to stay informed about local projects, service updates and community programs across West Virginia American Water's service areas.

To explore the enhanced digital experience, visit **amwater.com**.
